Introduction to Software Engineering

# Sandeep Sawant

Senior React.js Developer | I help businesses ship fast, scalable web apps that load quickly and convert better | React · Performance · Frontend Architecture | Freelance, Mumbai & Remote

Kalyan, Maharashtra, India

## Summary

Slow frontends lose customers. I build Web applications that load fast, scale cleanly and convert better. After 18+ years and 50+ production apps for various industries, including performance optimisation, I take on a few new projects a quarter. If your site feels slow or hard to change, message me.

## Experience

### Freelance

Frontend Developer

October 2024 - Present (2 years 1 month)

Thane, Maharashtra, India

Built and maintained React.js applications for a Dubai-based client, focusing on performance optimization and responsive UI.

### Sublimis Technologies
